

The Volunteer Center's Hands On North Texas program connects volunteers with volunteer service opportunities that make a meaningful, rewarding change in the North Texas area. Hands On North Texas can offer a selection of opportunities and settings, manage the logistics and provide full project management or simply find an appropriate project for the employees to manage on their own.

Hands On North Texas (HONT), an affiliate of the Hands On Network, meets the needs of today's volunteers by offering one-time projects to students, professionals, busy moms, and anyone else looking to get their feet wet in volunteering. Hands On services three distinct client groups:

Volunteers

Whether it's your first time to volunteer or you are a seasoned expert, we have the perfect place for you to get Hands On.

Please visit our project calendar at www.handsonnorthtexas.org to find a place to volunteer.

Nonprofits

You are the experts in helping your clients. We are the experts at helping you.

We will promote your projects on our Hands On North Texas website to help find the volunteers needed for your events. Also, if you are a VCNT Partner Member, we will advertise your needs in our wide array of **media outlets**. Interested in becoming a Partner Member? Please visit our **VCNT Membership page**.

Corporations/Businesses

If your corporation is looking for a volunteer project to engage your staff, it's time to get Hands On!

If you are seeking a great team building service day, consider working with the Hands On team through our **Hands At Work Corporate Employee Program**. We tailor projects to meet your company's needs.
