

VERIFIYI

In 1993, the Volunteer Center of North Texas (VCNT) asked the Texas State Legislature for exclusive Texas Department of Public Safety Information available to law enforcement. VCNT sought and gained exclusive access to complete Texas criminal records including arrests, warrants, convictions, juvenile offenses and deferred adjudications. In 2005, **veriFYI**, a web-based application designed to provide a more comprehensive, efficient, cost-effective method of verifying nonprofits volunteers or prospective employee's backgrounds, was launched. The new website, www.verifi.org, began to provide critical services to faith-based organizations, 501(c)(3) agencies and tax-supported entities across the country.

- **790,000+ background checks performed**
- **225 million records searched**
- **Most comprehensive check available to nonprofit agencies**

Why veriFYI?

- Criminal background checking helps identify undesirables
- Effective identification requires linking the right person to the right record
- Social Security trace verifies the applicant's identity and determines if they have lived out of state

What does veriFYI include?

- Multi-jurisdictional criminal background check
- Social Security trace
- Comprehensive Texas Department of Public Safety(DPS), Criminal History Search
- Sex offender registry that includes all 50 states and the Washington, D.C. area
- 24-48 hour turn around on a criminal background check report
- The cost of only \$7.30 per name searched covers the multi-jurisdictional check, secured Texas DPS information, a Social Security trace and the sex offender database search
